Shade & Shutter Systems Inc. Weather Protection and Sun Control Solutions

350 Kidds Hill Road Hyannis, MA 02601 800-522-1599 www.shadeandshutter.com

Shade & Shutter Systems has taken its expertise and experience in roll shutter manufacturing, coupled with the latest innovations in sun control products, to design the Zip Tex Motorized Solar and Insect Screen. Zip Tex is the ideal product to control the sun's heat, damaging rays and glare in your

Zip Tex Screen Systems are ideal screen options for garages, but can also be used in place of fixed screen panels and sliding screens. The greatest feature of our motorized screen is that you can have a screen room when you want it and roll the screens up when you don't! Every Zip Tex Screen is built to order and customized to fit your needs.

ZIP TEX BENEFITS

- Turns any outside area into a usable room: garages, patios, balconies, porches, gazebos, car ports or entry ways
- Provides shading from the sun's harmful UV rays and reduces television screen and computer monitor glare
- Reduces air conditioning expenses by as much as 30%
- Protects home furnishings from fading
- Enhances privacy but does not obstruct views
- Keeps out pesky insects and other unwanted pests
